

VITANICA® ~ TURMERIC TONIC™

Tasty Tonics® are concentrated liquid herbal formulas designed with therapeutic doses and blended with natural flavors & essential oils to taste great and encourage compliance for daily use. Turmeric Tonic™ maintains the body's normal and healthy inflammation response. Packaged in beautiful green glass!

Featured Ingredients:

- **Turmeric root**, in particular the **polyphenolic curcuminoids**, which includes **curcumin**, has been well-studied and used medicinally for years, proven safe and beneficial for its multi-system supportive effects
- **Curcumin** demonstrates several beneficial functions: antioxidant support, liver function support, detoxification pathway support, maintenance of healthy inflammation pathways and immune and cardiovascular support
- **Black Pepper** is added to augment turmeric absorption
- **Ginger** essential oil blends well with turmeric for piquant flavor and offers additional therapeutic benefit

Indications: Maintenance for the body's natural and healthy inflammation response; digestion and immune system support.

Suggested Use: Shake well before using. Adults: 1 teaspoon, up to 3 times daily. Dilute in 2-3 ounces of warm or cool water, or to taste as a savory tea. May also be taken undiluted, directly in the mouth.

Size ~ 4 ounces; UPC code ~ 7-08118-02353-8

Quality Control Statement

Vitanica is committed to maintaining the content and purity of our dietary supplements. We believe this is accomplished by focusing on the principles that contribute to well-designed products which will support health without contributing to toxicity, utilizing safe and effective ingredients.

Good Manufacturing Practices involve having policies in place to assure adequate and clean facilities, training of staff, verifying and tracking suppliers, raw material testing, clean and organized manufacturing and labeling lines, record keeping, finished product testing, clean and regulated warehousing, etc.

At Vitanica, we strive for excellence in these principles.

One way to assure quality is through third party certification via on-premise observation and analysis. At Vitanica, we are glad to say our dietary supplement manufacturing facilities are third-party certified, FDA registered and meet all regulation standards set forth by the FDA Dietary Supplement Health and Education Act as outlined in the code of Regulations, Title 21, part 111. In addition, we are a Silver Partner with Emerson Ecologics Quality Assurance Program.

All said, if products are well made, but not well designed, they may fail at supporting health. At Vitanica, we are proud to remind you our products are researched and designed by Dr. Tori Hudson, a Naturopathic Physician specializing in women's natural health.

Vitanica works like a business, but with the heart of a healer. Vitanica began in 1994 with the dream of helping women. Every day, we want to impact women's health through education and healing. Quality assurance is an essential element of meeting our dream.
