

VITANICA® ~ FEMREBALANCE™

FemRebalance is designed to promote a woman's normal hormone profile. There are many reasons the endocrine system becomes disrupted and this formula offers support to 'reset' hormone levels.

Featured Ingredients:

- **Borage oil** is rich in gamma linolenic acid (GLA), which research shows to be beneficial in supporting hormonal balance for women
- Botanicals promoting regular ovulation and overall hormone balance support: **Chaste tree berry, Licorice, Black cohosh**
- **Maca root** is included for overall tonic support for the endocrine system
- Traditional herbal support comes from **Vervain** and **Sarsaparilla**, both of which have a history of tonic support for women's menstrual cycles
- **Rhodiola** is included for adaptogenic and antioxidant support, especially helpful after cleansing or when hormones are out of balance

Indications: Formulated to restore and reset a woman's hormone profile, especially after a detox protocol, after discontinuing birth control pills, when finished breastfeeding, during perimenopause to ease the transitional time and numerous other situations that upset the balance of the endocrine system.

Suggested Use: 2 capsules per day.

Size ~ 60 caps; Item code ~ 7-08118-02267-8

Quality Control Statement

Vitanica is committed to maintaining the content and purity of our dietary supplements. We believe this is accomplished by focusing on the principles that contribute to well-designed products which will support health without contributing to toxicity, utilizing safe and effective ingredients.

Good Manufacturing Practices involve having policies in place to assure adequate and clean facilities, training of staff, verifying and tracking suppliers, raw material testing, clean and organized manufacturing and labeling lines, record keeping, finished product testing, clean and regulated warehousing, etc.

At Vitanica, we strive for excellence in these principles.

One way to assure quality is through third party certification via on-premise observation and analysis. At Vitanica, we are glad to say our dietary supplement manufacturing facilities are third-party certified, FDA registered and meet all regulation standards set forth by the FDA Dietary Supplement Health and Education Act as outlined in the code of Regulations, Title 21, part 111. In addition, we are a Silver Partner with Emerson Ecologics Quality Assurance Program.

All said, if products are well made, but not well designed, they may fail at supporting health. At Vitanica, we are proud to remind you our products are researched and designed by Dr. Tori Hudson, a Naturopathic Physician specializing in women's natural health.

Vitanica works like a business, but with the heart of a healer. Vitanica began in 1994 with the dream of helping women. Every day, we want to impact women's health through education and healing. Quality assurance is an essential element of meeting our dream.
