

VITANICA® ~ YEAST ARREST®

Yeast Arrest® is unlike any other natural vaginal suppository. Featuring a unique homeopathic profile for symptoms associated with vaginal yeast infections.

There is no scientific evidence that the product works and the product's claims are based only on theories of homeopathy from the 1700s that are not accepted by most modern medical experts.

Featured Ingredients:

- Unique homeopathic combination specific for symptoms associated with vaginal yeast infections: **Borax, Sepia, Berberis aquifolium** and **Kreosotum**
- Features an all natural herbal and cocoa butter base, free of parabens and PEG
- Foil wrapped suppositories are easy to use, sterile and soothing

Indications: Effective natural homeopathic vaginal suppository for symptoms associated with vaginal yeast infections. Relieves burning, itching and discharge.

Suggested Use: For females 13 years and older. Use with a panty liner. One (1) suppository in the morning and 1 in the evening for 3-7 days; For chronic or recurring infections, insert one (1) suppository twice daily for 2-4 weeks; Prevention: One (1) suppository daily, at bedtime, during menses, for four consecutive months. Full instructions are on the packaging.

Quality Control Statement

Vitanica is committed to maintaining the content and purity of our dietary supplements. We believe this is accomplished by focusing on the principles that contribute to well-designed products which will support health without contributing to toxicity, utilizing safe and effective ingredients.

Good Manufacturing Practices involve having policies in place to assure adequate and clean facilities, training of staff, verifying and tracking suppliers, raw material testing, clean and organized manufacturing and labeling lines, record keeping, finished product testing, clean and regulated warehousing, etc.

At Vitanica, we strive for excellence in these principles.

One way to assure quality is through third party certification via on-premise observation and analysis. At Vitanica, we are glad to say our dietary supplement manufacturing facilities are third-party certified, FDA registered and meet all regulation standards set forth by the FDA Dietary Supplement Health and Education Act as outlined in the code of Regulations, Title 21, part 111. In addition, we are a Silver Partner with Emerson Ecologics Quality Assurance Program.

All said, if products are well made, but not well designed, they may fail at supporting health. At Vitanica, we are proud to remind you our products are researched and designed by Dr. Tori Hudson, a Naturopathic Physician specializing in women's natural health.

Vitanica works like a business, but with the heart of a healer. Vitanica began in 1994 with the dream of helping women. Every day, we want to impact women's health through education and healing. Quality assurance is an essential element of meeting our dream.
