

VITANICA® ~ V-HYDRATE™

Utilizing the humectant properties of hyaluronic acid, this soothing suppository offers relief and hydration for vaginal tissues.

Formulated by Dr. Tori Hudson with plant-based hyaluronic acid, aloe leaf juice and Vitamin E.

Featured Ingredients:

- **Hyaluronic acid (plant-based)** is a compound molecule capable of holding several times its own weight in water and moisture – it offers temporary and hydrating relief to the vaginal tissues
- **Aloe Leaf Juice** offers additional hydration, quenching thirsty tissues
- **Vitamin E** is soothing and comforting to dry skin and adds to the relief of this unique vaginal care suppository
- Menopause is a common time for women to want hydration for vaginal tissues; this is a natural solution for women of any age who need soothing comfort from nature.

Indications: Offers hydrating and soothing relief for vaginal tissues, utilizing all natural ingredients from the brand women trust.

Suggested Use: Insert One (1) suppository into the vagina, in the evening, up to three times per week.

Size ~ 24 suppositories; Item code ~ 7-08118-02338-5

Contact ~ 800.572.4712; email ~ info@vitanica.com

Ingredients: Triglycerides from vegetable oil, Vitamin E, Hyaluronic acid, Aloe Barbadensis leaf juice

Quality Control Statement

Vitanica is committed to maintaining the content and purity of our dietary supplements. We believe this is accomplished by focusing on the principles that contribute to well-designed products which will support health without contributing to toxicity, utilizing safe and effective ingredients.

Good Manufacturing Practices involve having policies in place to assure adequate and clean facilities, training of staff, verifying and tracking suppliers, raw material testing, clean and organized manufacturing and labeling lines, record keeping, finished product testing, clean and regulated warehousing, etc.

At Vitanica, we strive for excellence in these principles.

One way to assure quality is through third party certification via on-premise observation and analysis. At Vitanica, we are glad to say our dietary supplement manufacturing facilities are third-party certified, FDA registered and meet all regulation standards set forth by the FDA Dietary Supplement Health and Education Act as outlined in the code of Regulations, Title 21, part 111. In addition, we are a Silver Partner with Emerson Ecologics Quality Assurance Program.

All said, if products are well made, but not well designed, they may fail at supporting health. At Vitanica, we are proud to remind you our products are researched and designed by Dr. Tori Hudson, a Naturopathic Physician specializing in women's natural health.

Vitanica works like a business, but with the heart of a healer. Vitanica began in 1994 with the dream of helping women. Every day, we want to impact women's health through education and healing. Quality assurance is an essential element of meeting our dream.
